The county committee would recommend that the delegates to this convention be chosen in the different towns and wards on Saturday, the 8th of September, at 2 o'clock P. M., at the place of holding the last annual town meeting, where a different time is not designated by the proper town committees.

The question of a new apportionment to correct the inequalities of former representation was discussed by the committee; but in view of the difficulty of making any changes without full returns on the census just taken, it is deemed advisable to adopt the apportionment of the last convention as likely to lead to less complaint than a partial change or an entire change made without the necessary information.

D. E. HALE, Chairman.

CHAS. HOLT, Secretary.

POSTPONEMENT.

To allow the delegates and other Republicans of Rock county interested in this convention, an opportunity to attend the meeting at Madison on the 12th, this convention has been postponed until THURSDAY, the 13th day of September last.

D. E. HALE, Chairman.

CHAS. HOLT, Secretary.

Chicago Zooveas.

In consequence of the announcement that the Zooveas will parade on the fair grounds, the evening exhibition at Lappin's Hall has been abandoned. It may be proper to state, to prevent misapprehension, that the exhibition advertised at the hall this evening, at which Dr. D. Williams and his pupils are announced to be present, has no connection with the exhibition previously contemplated, and which is now abandoned.

National Horse Show.

Our streets this morning presented a very lively appearance, and the attendance at the grounds was largely increased.

Crowds from the country poured in, and the ample grounds were filled. So great was the throng, the Cavalry experienced difficulty in maneuvering.

Up to 11 o'clock, when we left the ground, in order to hasten the publication of our paper to enable our workmen to witness the afternoon proceedings, the trial was in class F, single carriage horses to harness. Thirteen horses entered the ring, for competition, one driven by a lady, and the display of horsemanship was very fine. After the trial, the blue ribbon, the first premium, was placed on the black horse owned by H. E. Patterson, of this city; the red ribbon, second premium, on Young Red Bird, entered by F. Fish, of Chicago.

The parade of the Danes Cavalry was a marked feature in the proceedings, and this fine company fully sustained its high reputation. The members excited universal admiration for their martial bearing, and the proficiency manifested in their drill, while the excellence of their horses excited the attention of the most superficial observer. If their horses had been entered for competition, it would have been a hard task to collect, under the same circumstances, an equal number of the same value and appearance.

The company parade again this afternoon, and act as an escort for the lady equestrians and a police to protect the track during the riding.

For the lady equestrian trial thirteen entries were made up to this morning. We have a list of them, but are requested by the secretary of the exhibition not to publish them in advance of the trial. Among the fair contestants, are several who have ridden at our county and state fairs, and several new ones from Chicago, and different places in Wisconsin. All the indications are in favor of a very animated contest, and a dense crowd of spectators.

The following awards were made on the exhibition yesterday:

Class C.—Stallions for all purposes, 2 years old. 1st Prem. Romeo, owned by Nath. Potter, Sugar Creek, Wis. 2d do, Grey Eagle. Owned by Geo. Sherman, La Prairie, Wis.

Class O.—Pacing or Racking Horses, Geldings or Fillies, under saddle or in harness. 1st prem. to "Benecia Boy" Time 2:43 and 2:47.

Exhibition.—A sparring exhibition, by Mr. Tomson, of Chicago, assisted by Wm. Robertson of this city, announced at Lappin's Hall tonight. The bills state that Dr. Williams, of the Chicago Zooveas, will be present, and give an exhibition of sword exercise.

ATTENTION WIDE AWAKES!

There will be a Grand Street Drill

Every member will be at the Hall at 7 o'clock, fully equipped.

Republican Club Meeting.

There will be a business meeting of the Janesville City Republican Club held at the court room on Saturday evening, Sept. 8th. This meeting is called for the purpose of making complete arrangements for conducting the present campaign in this city. It is very necessary that every republican in the city should be present if possible.

It will be determined at this meeting whether this campaign shall be conducted as to ensure us a large republican majority in this city or not.

We very much hope that the republicans of the city will not regard this meeting as an ordinary business meeting and of no importance, but that every one will be present to assist in its deliberations.

R. B. TREAT, Pres't.

A. A. JACKSON, Sec'y.

THE GRAIN TRADE.—The receipts of wheat yesterday by the various railroads terminating in this city, were 109,813 bushels, including 1,297 barrels of flour. When it is considered that the western portion of Wisconsin, and Minnesota, and that the railroads running through that part of the state are not yet taxed to one-third of their freightage ability, some idea may be formed of what the extent of our grain trade will be this season. The shipments of wheat by lake from this port yesterday, reached the respectable sum of 143,734 bushels. The market was very active and prices advanced 5c during the day, closing firm at 90c for No. 1 spring, and 95c for extra. *—Milwaukee Sentinel of Wednesday.*

It contains able and interesting papers on the following subjects: Recent discoveries in Astronomy; Dr. Brown's Life and Works; Scottish Nationality—Social and Intellectual; Colonial Constitution and defence; Recent Poetry; M. RAILROAD WAR.—The Portage City Record, of Wednesday, says:

The railroad difficulties which have grown out of the suit of Dr. Davis against the La Crosse Railroad Company for damages, for right of way, are rapidly drawing to a focus. To-day (Monday) has been one of unusual excitement. This morning the Dr. in company with a few friends which he had summoned to his aid, proceeded to the lands belonging to him, but appropriated by the company, and took possession of them. Two posts were set deeply in the ground, close to the rail, and small trees piled up against them. Soon the 9:30 train from the west came down, and of course was unable to proceed. A slight altercation ensued between the Dr. and Conductor Greeley, which resulted in the prompt arrest of Mr. G. who immediately taken into custody by Deputy Sheriff Johnson. Soon a large number of railroad hands began to congregate, which was the signal for the sympathizers with the Dr. to also assemble.

A large police force was summoned by Sheriff Williams and stationed on the ground to prevent disturbance. Each party arrayed themselves on either side of the track, and although no indications of hostilities were manifested, it was perfectly manifest that everybody was there for a purpose. Provisions were brought on to the grounds in large quantities, and all arrangements were made for an extended visit. Soon after noon the Dr. addressed the crowd and indicated his purpose of defending his property at all hazards, after which he commenced removing the track from his premises, which he did unopposed.

There is a deep seated determination manifested here to see that private rights are not hereafter entirely disregarded and the decisions of courts set at defiance.

Tuesday morning, 11 o'clock.—The Doctor with the officers remained on the ground all night, without disturbance.

The Record says there is no dispute in regard to the title of the land in question. The company claims no title to the land, having never paid or tendered any pay for it. The circuit court and supreme court have both decided that the company has no right to the land, and have commanded it to desist from its use absolutely until the full compensation shall be paid to the person entitled; nevertheless, the company persists in running, without having complied with the terms of the injunction. This is as we understand it, which is undoubtedly the fact.

Floral Hall.

GREAT ATTRACTION!

Ladies' Equestrian Fair.—Floral Hall, situated in the center of the fair grounds, has been put in excellent order for the accommodation of Ladies and Gentlemen visiting the fair on the 4th, 5th, 6th and 7th of September. The interior has been thoroughly renovated and furnished with fly chairs, with a large number of tables, for the use of ladies, and is supplied with refreshments. A large private apartment is especially for the use of ladies, with furniture in attendance. Chairs are also placed upon the balcony surrounding the cupola, giving parties a fine view of the entire grounds. As an additional inducement for patronizing "Floral Hall," the proprietors will distribute Fifty Premiums, valued at Five Hundred Dollars to the patrons of this establishment. The Premiums will be given out on Friday the 7th of September, at 2 o'clock, by a committee appointed for that purpose, who will distribute the same to the patrons upon such plan as they may deem most proper. Should a present fail to the lot of any one not in attendance at the time of the distribution, the committee will retain the same until called for. The articles to be presented are now on exhibition at the Jewelry Store of S. C. Spaulding, Jew, of this city, where they will remain until the day of presentation. (a241dw)

Life Insurance.

Those desiring this safe and cheap protection for their families, can secure it in our Wisconsin company. It has already become, in reality, a state institution, having agents and patrons among the best business men in all the principal towns in the state. It is no longer a matter of doubt that life insurance can be conducted as well in Wisconsin as in Connecticut or any other eastern state.

While duty demands that men should insure their lives, it also demands that they should keep their money for investment at home. Confident that our success has been more than equal to that of the most "unprecedented" we would cordially invite all our citizens to call at the office, examine for themselves of Main and Wisconsin streets, and examine for themselves.

S. S. DAGGETT, President.

A. W. KELLOGG, Secretary.

Messrs. Play & Harlow, produce dealers, and Capt. Geo. D. Dodge will receive applications for insurance in this company, and will also give any further information as to the condition thereof, to any one desirous of being informed, in Janesville.

Douglas vs. Douglas and the Missouri Compromise.

From Douglas' Speech in Springfield, Ill., 1859.

The Missouri Compromise had its origin in the hearts of all patriotic men who desired to preserve and perpetuate the blessings of our glorious Union—an origin akin to that of the constitution of the United States, and calculated to remove forever the only danger which threatened its permanent existence.

From Douglas' Speech at Providence, Aug. 3, 1860.

My friend will be sure to know something about the Missouri Compromise. I have not the slightest objection to telling him all he desires to know upon that subject.

From Douglas' Speech in the Senate, May 16, 1860.

It is part of the history of the country that under this doctrine of non-interference, this doctrine that you have heard me declare, the people of New Mexico have introduced and introduced slavery in the same spirit of territorial election they have introduced slavery in the territory of New Mexico.

From Douglas' Speech at Springfield, Ill., 1859.

The election in Vermont has resulted in an increased majority for the republicans.

They have elected all their candidates for state officers and members of congress.

Erastus Fairbanks is elected Governor, over John G. Saxe, by some 20,000 majority.

Levi Underwood is elected Lieut. Governor, and John B. Page, Treasurer.

For congress, E. P. Walton is elected in the 1st district, Justin S. Morrill in the 2nd, and Rufus Buxton in the 3d—all good republicans.

The glorious example will not be lost upon the republicans of Maine, who will show us what they can do on the 10th of September.

The Douglas hoarders have been disappointed in making an impression upon Vermont, as they will in Maine.

The Breckinridge State Convention.

The Breckinridge democrats, who held their convention at Milwaukee on Thursday, nominated the following electoral ticket:

Electors at large: Samuel Elmore of Milwaukee and N. B. Van Slyke of Madison.

First District—Isaac J. Ullman of Racine, second district—Henry D. Barron, of Pepin, third district—Henry S. Pierson, of Manitowish.

State Executive Committee, First District—J. A. Noonan, J. L. Page, M. H. Bovee, George Cotton and Isaac George.

Second District—E. D. Campbell, S. P. Condee, E. B. Dunn, P. J. Bellinger, N. B. Van Slyke.

Third District—C. W. Vitch, Dr. Osborne, R. Judson, R. Gore and B. W. Keyes.

Thompson Campbell addressed the convention in a speech over two hours in length.

The Wisconsin says:

He charged Douglas with being the insect kind of a demagogue, and said his true character was shown in his ingratitude treatment of his old friend, the lamented Broderick.

He said he had known Douglas personally a great many years, and he knew whereof he spoke.

This reference to the case of Broderick, was exceedingly impressive and eloquent.

He wanted no union with the Douglasites, and was satisfied that Douglas and his friends would die out in time, and the Breckinridge party be the true democratic party.

Mr. Seward at Detroit.

Mr. Seward was enthusiastically received at Detroit on Tuesday, and spoke to an audience of twenty-five thousand people.

The Chicago Journal says that the appearance of Mr. Seward tested the enthusiasm of the crowds, and cheer after cheer went up, until the man of the day raised his hand and said, "Fellow citizens."

Of this speech it is enough to say, it was Mr. Seward's.

Such was the crowd and pressure that it was impossible for all to hear Mr. Seward, and Gen. Nye of New York and Hon. Ben. Wade of Ohio addressed the thousands who had seen, but could not hear, the greatest of these three great favorites.

After Gov. Seward had finished, Gov. Wisner of Michigan, and others, made short speeches.

This correspondent says that Gov. Seward looks hale and hearty enough to be our president in 1864.

We are glad to hear that Mr. Wade of Ohio was at Detroit, and trust that he will let us see his honest countenance in Wisconsin.

There was a grand display of the Wide Awake at Detroit, who turned out three thousand strong.

A SURPLUS OF PEACHES.—An Illinois paper states that the peach crop in the lower section of that state is so heavy, that a district twenty miles long by five to seven miles wide, will this year yield not less than a million bushels.

Some of them will be distributed.

A TALENTED MAN.—The Baltimore receipt of Gov. Seward will be a valuable addition to our list of talents.

THE ELECTION IN MAINE.

Maine comes next. The election takes place on the 10th of this month.

The candidates for governor are Israel Washburn, Jr., republican; Ephraim K. Stuart, democrat; and Phineas Barnes, Bell and Everett. The republican majority at the previous gubernatorial election, was 11,968.

Members of congress are also to be elected at the same time. The contest will undoubtedly result in a republican triumph.

The Douglasites have made some effort and they have hopes! (where haven't they?)—But it will end in disappointment.

The republicans committed an error in nominating entirely new men for congress, and some feeling has grown out of it. But the contest will undoubtedly result in a glorious republican triumph.

In only three of the congressional districts is any fight feared by the democracy. Two of these were carried by the republicans two years ago, by small majorities; but there was an apathy then which does not exist now, and illegal voting took place in Aroostook county (the only democratic county in the state) which will this year be thwarted by a registry law.

The canvass in Maine is quite animated. Speakers on both sides have been imported from abroad, and large meetings have been held, but in the weight of talent, attendance and enthusiasm, were all in favor of the republicans, and the only question now pending is one of majority.

The Douglasites hope to reduce the republican majority, so as to be able to use it in other states—to claim a gain and hang a hope on—that two months more work may secure the state.

Dehaded Douglasites!

WASHINGTON, Sept. 3.

OUR RELATIONS WITH MEXICO.

I learn that the Mexican question is giving the Administration no little trouble, and that on Saturday a cabinet council on the subject occupied several hours.

It is said that the Government is determined not to permit Spain to take any undue advantage of the weakness and imbecility of Mexico.

Her attempts of redress upon that unfortunate country just now, when there is no stable government in existence powerful enough to break down the different factions which divide the country, prove utterly futile.

It would not be surprising if she really intended to once more take possession of her ancient colony.

Her war with Morocco has fired the vain and proud hearts of her chivalry with the assurance of victory.

Knowing that France and England are adverse to the schemes of the Spanish Government on this continent, and that, on the contrary, they secretly favor any movement inimical to the interest and future of the United States, the Spanish Don's dream that the days of Cortes have returned, and that the empire of the Montezumas will bow before the might of her Catholic Majesty.

THE NEW YORK DOUGLASSITES.—HID FOR THE BRECKINRIDGE VOTE.

There is a report current that Dean Richmond and other soft leaders in New York have kindly consented to put four Breckinridge men on the electoral ticket in New York, in consideration of receiving the Breckinridge vote.

It is impossible to believe that the friends of Breckinridge, who have everywhere been condemned and decided by the Douglasites, will be content to occupy the degraded and miserable position thus assigned them.

Two of them, I suppose, will be sought to be put on in the place of the two electors who have positively declined running on the mongrel ticket.

EX-UD. WISE GIVES BRECKINRIDGE A SILENT SUPPORT.

Gov. Wise does not intend taking any active part in the present campaign. He will remain perfectly quiet, though decidedly for Breckinridge.

DOUGLASS' RETURN FROM HIS SOUTHERN FORAY.—HIS FUTURE MOVEMENTS.

Douglas is expected here this afternoon. He will rest a day and then go to Baltimore and Frederick, Maryland. He has been warmly received by Bell men South, and have furnished all the enthusiasm and all the receptions.

All their demonstrations were of course insincere, as they intend to give him no vote.

Douglas proposes also to visit Pennsylvania, and speak at different points. Some republican catechists should be along to ask him about his votes on the tariff bills.

From Pennsylvania he goes to New York, and thence to Ohio and Indiana.

WASHINGTON BULL AND DEERST. I have very little news stirring. I have never known the city more lifeless, although this is the time when we usually look for a return of the stragglers.

ALPHA.

The Toledo Blade states that a Douglas democrat of that city was trying the other night to talk politics to a republican lady.

Alluding to the recent speech of Gen. Ashley in this city, (who, we all know, was formerly a democrat,) he observed that he did not think much value could be placed upon the opinions of a man who "clung his politics so often."

"But, do you not think that a reformed drunkard or gambler is better qualified to testify to the evils of intemperance or gambling, than one who never drank or gambled?" asked the lady.

"Why, yes; but—"

"Then I should think that a reformed democrat was equally well qualified to testify against the corruptions of modern democracy," was the answer.

The Douglasite didn't relish the comparison and abandoned the conversation.

ALL SORTS OF PARAGRAPHS.

A young girl, named Catharine Gordon, 17 years of age, committed suicide in New York city recently, by taking arsenic, because an older sister had refused to let her go out visiting on Sunday.

The large arrivals of gold from Australia have been lately deposited in the Bank of England before they were drained out again, in sent to the continent of America, for breadstuffs.

The people must have food, and the speculators will take the gold and buy where they can get food the cheapest.

The recent harvest, of a poor quality too, constrains the wheat speculators to send the gold abroad for this purpose.

This simple fact explains the drain on the Bank of England.

AT THE PORE.—The services in all the Roman Catholic churches in Washington, on Sunday last, were dedicated to the spiritual and temporal aid of the pope.

The attendance was unusually large, and the contributions liberal.

SUCCESSOR.—Mr. James C. McIlwain is hereafter to be associated with Mr. Seaton, of the National Intelligencer, as successor of the late Mr. Gates.

Mr. Seaton speaks of him as gentleman of superior ability, and of a most upright character.

Blondin and Parini each performed the "great feat" of carrying a man across their Niagara cables, on Wednesday, Blondin was entirely successful, but Parini rather made a fizzle of it.

His man was too heavy, and he was obliged to set him down on the rope, and make him trudge along behind, holding on to his leader like grim death.

The spectators are of opinion that there is but one Blondin.

The census taker of Morgan county, Ill., found an eleven year old girl in Concord township who weighed one hundred and seventy-five pounds.

NO PROVISION FOR HAWKS.—Rev. Dr. Hawks was requested to take charge of a small parish in Westchester county. He declined because the salary was too small for the maintenance of his large family and the education of his children.

One of them replied, "The Lord will take care of them; he has promised to hear the young ravens when they cry, and provide for them."

"Very true," said the reverend gentleman, "but he has not promised to provide for the young Hawks."

POPULATION OF THE UNION.—From the census returns already received at Washington, it is expected that the population of the United States will be about thirty-two millions, or one-third more than the population in 1850.

THE GRAND BAIL AT MONTREAL.—We perceive that Mayor Lynde, at the ball at Montreal on the 27th, was the principal of the mayor of Quebec, while the mayor of Portland was the principal of the mayor of Chicago.

The ball room covered a plot of three acres, and though there were six thousand persons present, they were very comfortable and enjoyed the evening.

LOCAL DEPARTMENT.

Republican County Convention.

The Republicans of Rock County will meet in convention at the Court House, in Janesville, on Wednesday, the 12th day of September, at 12 o'clock, to nominate candidates for County Officers. The respective towns and wards will be entitled to delegates as follows:

The county committee would recommend that the delegates to this convention be chosen in the different towns and wards on Saturday, the 8th of September, at 2 o'clock P. M., at the place of holding the last annual town meeting, where a different time is not designated by the proper town committee.

The question of a reapportionment to correct the inequality of former representation was discussed by the committee, but in view of the difficulty of making any change without full returns of the census just taken, it is deemed advisable to adopt the reapportionment of the last convention as likely to be less complained than a partial change or an entire change made without the necessary information.

B. E. HALE, Chairman.

CHARLES HOLT, Secretary.

POSTPONEMENT.

To allow the delegates and other republicans of Rock County interested in this convention an opportunity to attend the meeting at Madison on the 12th, this convention has been postponed until THURSDAY, the 13th day of September, next.

B. E. HALE, Chairman.

CHAS. HOLT, Secretary.

Chicago Zouaves.

In consequence of the announcement that the Zouaves will parade on the fair grounds, the evening exhibition at Lippin's Hall has been abandoned. It may be proper to state, to prevent misapprehension, that the exhibition advertised at the hall this evening, at which Dr. D'Willers and his pupils are announced to be present, has no connection with the exhibition previously contemplated, and which is now abandoned.

National Horse Show.

Our streets this morning presented a very lively appearance, and the attendance at the grounds was largely increased.

Crowds from the country poured in, and the ample grounds were filled. So great was the throng, the Cavalry experienced difficulty in manœuvring.

Up to 11 o'clock, when we left the ground, in order to hasten the publication of our paper to enable our workmen to witness the afternoon proceedings, the trial was in class F, single carriage horses to harness.

Thirteen horses entered the ring, for competition, one driven by a lady, and the display of horsemanship was very fine. After the trial, the blue ribbon, the first premium, was placed on the black horse owned by H. E. Pattison, of this city; the red ribbon, second premium, on Young Red Bird, entered by J. Fish, of Chicago.

The parade of the Dime Cavalry was a marked feature in the proceedings, and this fine company fully sustained its high reputation. The members exhibited universal admiration for their mutual bearing, and the proficiency manifested in their drill, while the excellence of their horses excited the attention of the most superficial observer.

If their horses had been entered for competition, it would have been a hard task to collect, under the same circumstances, an equal number of the same value and appearance.

The company parade again this afternoon, and act as an escort for the lady equestrians and a police to protect the track during the riding.

For the lady equestrian trial thirteen entries were made up to this morning. We have a list of them, but are requested by the secretary of the exhibition not to publish them in advance of the trial. Among the fair contestants, are several who have ridden at our county and state fairs, and several new ones from Chicago, and different places in Wisconsin. All the indications are in favor of a very animated contest, and a dense crowd of spectators.

The following awards were made on the exhibition yesterday:

Class C.—Stallions for all purposes, 3 years old. 1st Prem. Romeo. Owned by N. H. Potter, Sugar Creek, Wis. 2d do, Grey Eagle. Owned by Geo. Sherman, La Prairie.

Class H.—Bred Mares, with sample stock. 1st Prem. Prairie Bird. Owned by N. B. Royce, Harmony, Wis. 2d do, Grey Eagle. Owned by Geo. Sherman, La Prairie.

Republican Club Meeting.

There will be a business meeting of the Janesville City Republican Club held at the court room on Saturday evening, Sept. 8th. This meeting is called for the purpose of making complete arrangements for conducting the present campaign in this city. It is very necessary that every republican in the city should be present if possible.

It will be determined at this meeting whether this campaign shall be so conducted as to ensure us a large republican majority in this city or not.

We very much hope that the republicans of the city will not regard this meeting as an ordinary business meeting and of no importance, but that every one will be present to assist in its deliberations.

A. A. JACKSON, Sec'y.

THE GRAIN TRADE.

The receipts of wheat yesterday by the various railroads terminating in this city were 109,813 bushels, including 1,297 barrels of flour. When it is considered that threshing has barely commenced in the north-western portion of Wisconsin and Minnesota, and that the railroads running through that part of the state are not yet taxed to one-third of their freightage ability, some idea may be formed of what the extent of our grain trade will be this season. The shipments of wheat by lake from this port yesterday reached the respectable sum of 143,781 bushels. The market was very active and prices advanced 5c during the day, closing firm at 95c for No. 1 spring, and 98c for extra.—Milwaukee Sentinel of Wednesday.

RAILROAD WALK.

The Portage City Record, of Wednesday, says: The railroad difficulties which have grown out of the suit of Dr. Davis against the La Crosse Railroad Company for damages, for right of way, are rapidly drawing to a close. To-day, (Monday) has been one of unusual excitement. This morning the Dr. in company with a few friends which he had summoned to his aid, proceeded to the lands belonging to him, but appropriated by the company, and took possession of them. Two posts were set deeply in the ground, close to the rail, and small trees piled up against them. A slight altercation ensued between the Dr. and Conductor Greeley, which resulted in the prompt arrest of Mr. G. who was immediately taken into custody by Deputy Sheriff Johnson. Soon a large number of railroad hands began to congregate, which was the signal for the sympathizers with the Dr. to also assemble.

A large police force was summoned by Sheriff Williams and stationed on the ground to prevent disturbance. Each party arrayed himself on either side of the track, and although no indications of hostility were manifested, it was perfectly manifest that everybody was there for a purpose. Provisions were brought on to the grounds in large quantities and all arrangements were made for an extended visit. Soon after noon the Dr. addressed the crowd and indicated his purpose of defending his property at all hazards, after which he commenced removing the track from his premises, which he did unopposed.

There is a deep seated determination manifested here to see that private rights are not hereafter entirely disregarded and the decision of courts set at defiance.

Thursday morning, 11 o'clock.—The Doctor with the officers remained on the ground all night, without disturbance.

The Record says there is no dispute in regard to the title of the land in question. The company claims no title to the land, having never paid or tendered any pay for it. The circuit court and supreme court have both decided that the company has no right to the land, and have commanded it to desist from its use absolutely until the full compensation shall be paid to the person entitled; nevertheless, the company persists in running, without having complied with the terms of the injunction.—This is as we understand it, which is undoubtedly the fact.

Floral Hall.

GREAT ATTRACTION!

Ladies' Equestrian Fair.—Floral Hall, situated in the center of the fair grounds, has been put in excellent order for the accommodation of ladies and gentlemen visiting the fair on the 4th, 5th, 6th and 7th of September. The interior has been thoroughly renovated and two hundred and fifty chairs, with a large number of ladies, are provided for family parties who desire refreshments. A large private apartment is provided especially for the use of ladies with families in attendance. Chairs are also placed upon the balcony surrounding the arena, giving parties a fine view of the entire grounds. As an additional inducement for patronizing "Floral Hall," the proprietors will distribute fifty presents, valued at Five Hundred Dollars to the patrons of this establishment. The presents will be given out on Friday the 7th of September, at 4 o'clock, by a committee appointed for that purpose, who will distribute the same to the patrons upon such plan as they may deem most proper. Should a present fall to the lot of any one not in attendance at the time of the distribution, the committee will retain the same until called for. The articles to be presented are new or second-hand at the Jewelry Store of C. Spaulding, Esq., of this city, where they will remain until the day of presentation. [Address] J. P. KENDALL & CO.

Life Insurance.

Those desiring this safe and cheapest protection for their families, can secure it in our Wisconsin company. It has already become, in reality, a state institution, having agents and patrons among the best business men in all the principal towns in the state. It is no longer a matter of doubt that life insurance can be conducted as well in Wisconsin as in Connecticut or any other eastern state.

While daily demands that men should insure their lives, it also demands that they should keep their money for investment at home. Confident that our enterprise has been more than equal to that of the most "unprejudiced" men, we would like to invite all our citizens to call at the office, southwest corner of Main and Wisconsin streets, and examine for themselves.

S. S. DADGETT, President.

A. W. KILGUS, Secretary.

Wm. McCreary & Harlow, produce dealers, and Capt. Geo. L. Lodge will receive applications for loans in all the principal towns in the state. We are happy to give information as to the condition, terms, or any other detail of being informed, in Janesville.
